23rd March, 2024

Dear Parent

As we gear up for the start of the new academic session 2024-25, we wish to bring to your notice certain important points regarding school transport facility.

Transport facility once opted for is to be continued for the entire academic session April 2024 to March 2025. Request for withdrawal of transport service will not be entertained during the year

Since it is start of a new session the bus routes are being reviewed. In case you are opting for transport facility kindly make sure to **meet with the transport in charge and bus contractor on Saturday, 23rd March, 2024** in the school reception area to finalise the bus stop of your ward for pick up and drop off. **Kindly bear in mind that the school buses cannot be routed entirely to suit individual convenience.**

Please be informed that the transport department requires some time (at least 1-2 weeks) to streamline the routes and timings at the start of each academic session. You are requested to be patient and cooperate with the school.

Once all details of the bus facility for your ward for the session 2024-25 are finalised you will be issued the transport fee booklet. This **fee booklet is to be kept safely and be used to pay the transport fee throughout the year** as per details mentioned in it.

The new fee structure for the session 2024-25 is listed below
