10th April, 2024

Dear Parent

We are starting with Hobby Clubs within the school hours. These clubs aim to provide our students with the opportunity to learn new skills, explore interests, and foster teamwork and creativity.

Starting from Tuesday, April 16th clubs on a rotational basis will commence for students of grades I and II. Each club will be led by dedicated coaches who will guide the students through various skills and learning experiences. The specific schedule for each class' rotation will be shared with you shortly.

Every student will get an opportunity to participate and benefit from these clubs equally. We believe that participating in school clubs not only enhances academic learning but also promotes social and emotional growth in our students.

We encourage all parents to support their children's participation and involvement in these clubs. Since all students of grades I and II will get the opportunity to learn the skills of Skating from a well-qualified and experienced coach, parents kindly make it convenient to purchase skating kit for your child.

The skating kit comprises

- 1. Skates (four wheels)**
- 2. Helmet**
- 3. Knee Pads**

Please Note:

- Skates should be comfortable and of the right size.
- The skates should not be expensive.
- The kit should be duly labeled (name and class of the student).

Thank you for your continued support and partnership in your child's education.

Warm regards

Principal
